“The Constitution is not an instrument for the government to restrain the people, it is an instrument for the people to restrain the government - lest it come to dominate our lives and interests.”

If we ever forget that we are One Nation
Under God, then we will be a Nation gone under."

The Republican Party looks a lot more like you, with grassroots leaders like you in it!

Thank you for volunteering for one of the most important positions in our political party. The office of Precinct Committeeman has been called “the most powerful office in the world”, because Precinct Committeemen are the grassroots leaders of the Republican Party and the closest political officeholder to the registered voter. As a PC, you are the face and voice of the Republican Party. PCs serve as year round campaign volunteers, canvass, deliver campaign literature, gain access to, and hold the respect from Republican elected officials. PCs listen, and work with the public to learn about their needs and interests, act on their behalf with elected officials, and urge them to become involved.

George Orwell said: “The further a society drifts from the truth, the more it hates those who speak it.” Let's stand together in unity, take back our freedom and put the truth back into our nation!

When you became a Republican Precinct Committeeman/woman, you took on a vital leadership role to advance Republican principles of:

- **Family Values**
- **Lower Taxes**
- **Fiscal Responsibility**
- **Individual Freedom**
- **Strong National Defense**
- **Job Creation**

As you know, our Republic is under constant assault from the Left’s ongoing attack on American Freedoms and basic rights. We cannot sit back and be passive. We must let all the people in our precincts know that we are working for them and listening to their voice in the process.

Elections are not won at the state, national, or even county level; elections are won in the individual precincts, one vote at a time. We all know the “fundamentals” of politics—such as registering voters, polling, telephoning, door knocking, and turning out the vote on Election Day—are not glamorous and often thankless. However, these fundamentals WIN elections and put Republicans in office. That’s why we are thankful for your leadership in these efforts.

How to Become a Precinct Committeeman:

Term: The term of office for an Elected PC is two years and begins on October 1st after the primary election at which the precinct committeeman was a candidate and continues until October 1st after the following primary election at which a precinct committeeman is elected.

Precinct Committeeman's Mission:

Deliver the maximum number of Republican votes from your precinct. As an ambassador you can see why we consider PC's to be the most important, most critical officials in our Party's structure. Elected PCs:

Are responsible to collect between 10 & 15 signatures from Republican voters in your precinct. File the nomination petition not sooner than 75 days before the election to appear on the ballot. If PC allotted positions is less than or equal to the allotted positions the Board of Supervisors will cancel the election and the PC automatically becomes an Elected PC.

However if there are more requests to become an Elected PC than there are allotted PC positions, your name will appear on the ballot during the August Primaries and PC candidates with the most votes will become elected PC's as stated in State Statute Title 16-822C.

Appointed Precinct Committeemen:

- They may resign by completing a resignation form and filing it with the County Chairman.
- Once appointed a PC has the same voting privileges as an elected precinct committeeman unless stated otherwise in State Statute or Legislative District or Maricopa County By-Laws.

Vacancy:

Vacancies are created by death, resignation, or when a PC moves from the precinct from which that person is elected or appointed. A vacancy also occurs when there is a failure to elect the allowed number of PCs at the primary election. Vacancies will not be filled by appointment until after the State Organization Meeting.

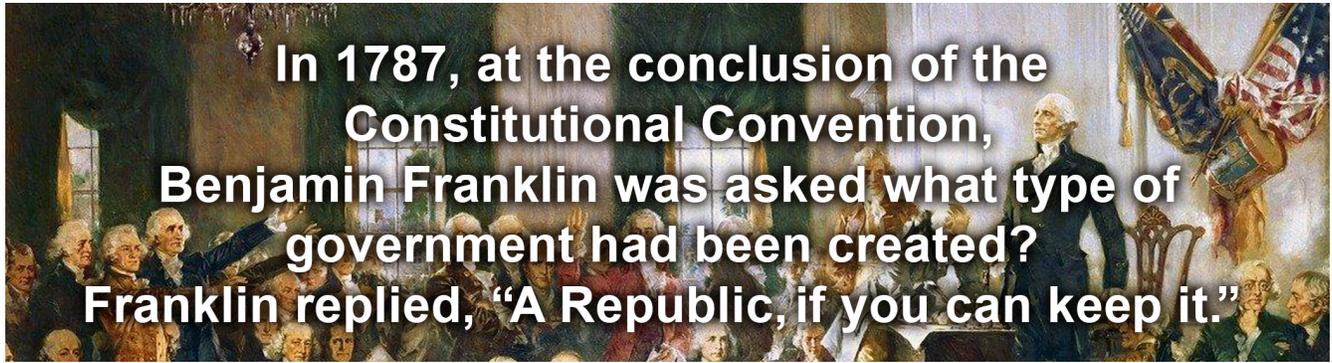

Filling Vacancy by Appointment:

The District Chair is charged with the responsibility of appointing PCs to fill vacancies. If the District Chair approves, he must sign the appointment within 15 days of receipt. Within the next 15 days, the MCRC Chairman, if approved, must certify the appointment and forward it to the Chairman of the Board of Supervisors for appointment.

Election or Appointment of Precinct Captain:

The District Chairman shall direct the PCs of each precinct to meet on or after October 1 on even numbered years and elect from among their number a Precinct Captain. If there is only one PC elected or appointed, he will serve as Captain until such time as there are sufficient PCs to hold an election. It shall be the responsibility of the Captain to provide the leadership necessary to meet the objectives of the County and the District. The obligations set forth by the Arizona Revised Statutes shall also be satisfied.

PC's and only PC's are eligible to vote for internal Party leadership that shape our Party, such as voting in Elections for District, County and State leaders as well as delegates to Party Conventions. PCs from each precinct also elect their own Precinct Captains, State Committeemen and District Organization every two years. After each general election, elected PCs meet to organize their legislative district committee. The meeting is held not earlier than the second Saturday after the general election and no later than the first Saturday in the following December.

State Committeemen for legislative districts are determined at the time of the LD29 organizational meeting. In a legislative district, there is one state committeeman nominated for every three elected precinct committeemen. These leaders determine the direction of the Party and the policies and positions included in the Republican Party Platform. Precinct Committeemen are a key element of representative government.

Arizona is divided into 30 Legislative Districts (LDs). Twenty of those Districts are in Maricopa County. Arizona is divided into 9 Congressional Districts (CDs) and there are 15 Counties in AZ.

Canvassing:

There are two types of canvassing – going door-to-door or making phone calls. The purpose of canvassing is to contact each residence within your precinct to find favorable voters and register new voters who are favorable to the Republican Party.

- If someone does not want to identify with a political party, simply ask questions about certain issues or candidates. This will indicate a person’s political leanings.
- Use the information you gather to help you target, set goals for registrations, and most importantly, get-out-the-vote on Election Day.
- Use a spreadsheet to keep track of voters’ special interests, activities, and concerns about issues.
- People of Importance – Register high schoolers turning 18 to vote, college students, elderly/confined persons, people who travel on business, snowbirds leaving before the General Election may need an absentee ballot, or will need a ride to the polling place.

Canvassing Scripts:

A canvassing script allows for volunteers to practice and rehearse before knocking on doors. Having a script is a great way to structure your campaign and make the most out of every conversation had with voters. Follow up with the voters you contact.

Generic Survey:

- *Question 1:* “My name is _____ and I live on _____ street. This is _____ who is working with me. We are making a Voter Census for the Republican Party and wish to ask you few quick questions. (Voter may respond immediately to mention the Republican Party, giving you a clue to his or her party leanings.) First, is your name _____? Or May I have your name?”
- *Question 2:* Are there others of voting age living with you? May I have their names?
- *Question 3:* Is your correct phone number (give number) Or: May I have your present phone number and email address?
- *Question 4:* Review each name and check relationships.
- *Question 5:* “Do you happen to be a Republican or a Democrat?” (Pause and wait) “Or don’t you consider yourself either one? (If not either one, and seems cooperative) “Do you lean to one party more than the other? “Which party’s candidates do you generally vote most for? “How about the other people of voting age in your household? Ask about each one.
- *Question 6:* Is there anyone in your household who will turn 18 soon?

- Question 7: (If voter is a Republican) Would you interested in helping us work for the party?
- CLOSE INTERVIEW: “Thank you very much. You have been very helpful and I look forward to seeing you again.
- AFTER INTERVIEW: STOP before your next call, write down anything else that may help you remember this voter, establish a bond with him, or general interest.

ADDITIONAL RECOMMENDATIONS:

- Be brief
- NEVER Argue!
- Be friendly. This person is a friend regardless of party.
- Always leave on a note of friendliness
- SMILE, SMILE, SMILE!

Voter Persuasion Script:

- Hello, may I please speak with <name of the voter>?
- My name is <name of volunteer>, and I’m a volunteer/student intern on the behalf of <name of your campaign>. Are you familiar with <name of candidate>?
- If they are familiar (ask them): Can we count on your vote for <name of your candidate>?
 - If yes: Thank you so much. Give me your email I will keep you updated about the campaign.
 - If no: Ask them what their concerns are and try to address it. (If you are able to persuade them, then thank them for their time and leave)
- If they are not familiar: I am volunteering for <name of the candidate> because <list reasons for rendering support>. It is important to have a candidate who listens to our concerns. What are some of the issues that matter to you? {engage the voter and let them talk. Record their answers on your walk sheet. If there is little response move on to the next question}
- So can we count on you for your vote?
 - If yes: Thank you so much. If you share with me your email I will keep you updated about the campaign.
 - If no: Thank you for your time.
- Still undecided: Thanks for your time. <Name of the candidate> hopes to earn your support. Have a great day!

Get Out The Vote - GOTV:

The GOTV script is used to ensure your core supporters don't forget about Election Day and help people get to the polls if needed.

Subtle changes in language can make a big difference in the impact of your script. Consequently, avoid using lines like "I need you to vote", say: "We need you to vote." Avoid persuasion during GOTV. Your goal is to reach the maximum number voters, so move on to the next voter if the former is not interested. Always close by thanking the voters for their time. For example: "Thank you for your time. Have a great evening."

Get Out The Vote Script:

- Hello, may I please speak with <name of the voter>?
- My name is <name of volunteer>, and I'm a volunteer/student intern on the behalf of <name of your campaign>.
- A few weeks ago you promised to vote for <name of your candidate> on Election Day <mention the date>
- Do you still intend to vote on <date of polling> for <name of your candidate>
 - If yes: Great! Give the voting time and your polling place is at location. Do you know where that is? Help them thank you for helping us.
 - If no: Thank you for your time. Have a great day!
- Assess the data and update it during the canvassing session right after it is over. You can make it easy for voters to reach out to you with questions by giving them your contact info, and be proactive if they have agreed to be added to your contact list.
- Follow up with voters through:
 - Calls – Make GOTV calls in the final weeks leading up to the election.
 - Texts – Send peer-to-peer texts with polling locations.
 - Email – Send mass emails reminding people to vote/asking for donations.
 - Thank You Cards - A lost art that will put you above the rest!

Being an effective PC takes both time and commitment, but the rewards are many. You will have the satisfaction of working to elect Republican candidates who support our shared ideals, values and will lead our communities, our state, and our nation to a brighter, stronger tomorrow.

In demonstrating a bit of your own leadership potential, you will make some great friends along the way that will last you a lifetime!

Election Types:

- Jurisdictional - Refers to off-season elections where Jurisdictions like Cities, Towns, School Districts and Special Districts hold elections.
- Presidential Preference (PPE) - Ballots are political party specific. The only candidates in this election are the qualified Presidential Primary candidates.
- Primary - In August of even years partisan candidates run on this ballot to represent their party for the General Election. Ballots are party specific and voters without a political party must tell MCRO which ballot they would like to receive.
- General - In November of even years the winners of the Primary Election, judges, nonpartisan candidates, and propositions appear on this ballot. Ballots are precinct specific, not party specific.

Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected and handed on for them to do the same.

-Ronald Reagan

Republican Values

"The American Dream is at risk," the platform opens. It promises that Republicans will "begin anew, with profound changes in the way government operates; the way it budgets, taxes and regulates." The importance of this sentiment cannot be undervalued. The Republican Party is the only political party that stands for the value of all human life and fights to exponentially increase the opportunities available to all Americans.

Life:

Republicans assert the sanctity of human life and affirm that the unborn child has a fundamental individual right to life which cannot be infringed. We are unashamedly pro-life.

Marriage:

The Republican Party stands in support of a Constitutional amendment to preserve the centuries-old definition of marriage as the union of one man and one woman

Job Creation:

The best jobs program is economic growth. Republicans will pursue free market policies that boost employment, create job growth and foster economic prosperity for all.

Small Business:

Small businesses are the leaders in the world's advances in technology and innovation, and we pledge to strengthen that role and foster small business entrepreneurship.

Tax Relief:

Taxes, by their very nature, reduce a citizen's freedom. We reject the use of taxation to redistribute income or to fund unnecessary or ineffective government programs.

Second Amendment:

Republicans uphold the right of individuals to keep and bear arms, a right which antedated the Constitution and was solemnly confirmed by the Second Amendment.

Voter Integrity:

Voter fraud is political poison. It strikes at the heart of representative government. We call on every American to preserve the integrity of the our electoral process.

Education:

Parents are responsible for the education of their children. We support providing broad educational choices to parents and children at the State and local level.

Immigration:

In an age of terrorism, drug cartels, human trafficking, criminal gangs, and COVID the presence of millions of unidentified persons in this country poses grave risks to the safety and sovereignty of the United States.

Medicare & Medicaid:

Republicans are determined to save medicare and medicaid with a candid and honest presentation of the problem and its solutions to the American people.

Healthcare:

From the start, Obamacare has been about power, control and the expansion of government into every aspect of our lives. Republicans support the full repeal of Obamacare.

National Defense:

The Republican Party is the advocate for a strong national defense as the pathway to peace, economic prosperity, and the protection of those yearning to be free.

Energy:

We are committed to domestic energy independence. Republicans advocate an all-of-the-above diversified approach, taking advantage of all our American God-given resources.

Internet Freedom:

Citizens have a right to express their voice and exchange ideas without censorship from big tech companies.

**We share one heart, one home, and
one glorious destiny.**

-Donald J Trump

I am a Republican because...

I BELIEVE the strength of our nation lies with the individual and that each person's dignity, freedom, ability, and responsibility must be honored.

I BELIEVE in equal rights, equal justice, and equal opportunity for all, regardless of race, creed, sex, age, or disability.

I BELIEVE free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth and prosperity.

I BELIEVE government must practice fiscal responsibility and allow individuals to keep more of the money they earn.

I BELIEVE the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations, and that the best government is that which governs least.

I BELIEVE the most effective, responsible and responsive government is government closest to the people.

I BELIEVE Americans must retain the principles that have made us strong while developing new and innovative ideas to meet the challenges of changing times.

I BELIEVE Americans value and should preserve our national strength and pride while working to extend peace, freedom and human rights throughout the world.

Finally, I believe the Republican Party is the best vehicle for translating these ideals to positive and successful principles of government.
